

TECHNICAL SPECIFICATION

AVIONICS WIPES

Avionics Wipes are a convenient product for cleaning aviation screens and instruments, in-flight entertainment systems, in-seat and overhead (touch)screens, etc. The twin sachet contains one large wet wipe and one large dry, lint-free wipe. The wet wipe's special formula will not damage the anti-glare coating of displays and screens and is safe for other surfaces in the aircraft such as metals, plastics and (un)painted surfaces. The lint-free dry wipe has an anti-static effect and guarantees a streak-free result.

BRAND Aero-Sense ®
